Connally Seeks Action To Halt Labor Strikes

Washington, D. C.—Rising to the floor of the Senate last week, Senator Tom Connally urged his colleagues to give heed toward halting labor shut-downs in national-defense plants. Connally emphasized his interest in getting immediate legislative action on the problem.

"It seems to me," said the Texas Senator, "that fundamentally there is no difference between the employer refusing to go on and produce and the employees refusing to proceed with normal production. So, if I had my way about it, I would adopt a provision directing or authorizing the President, through the Secretary of War or the Secretary of the Navy, to take over any plant which has a contract for the production of essential national-defense articles, arms or ammunitions, where disputes between the employer and the employees, or other labor disturbances, are impeding and delaying production."

Law exists now for the government to take over plants where the owner refuses to co-operate in the defense drive; Connally feels that the law can and should be amended to permit the Government to take a hand in cases where employees refuse to co-operate and tie-up defense production.

"There is a law against striking against the United States," remarked Senator Connally. "If the government should take over a plant as it did during the World War, governmental boards would determine in each particular factory what is a fair wage and what are fair working conditions."

Connally's legislative record has long been considered as friendly to labor; yet at the present time he considers, "the Union of the United States as Union Number 1 in this country, which is superior and paramount to any other union."

ANOTHER DAUGHTER

The Rev. and Mrs. H. E. East are parents of a daughter, Donna Kay, born Friday, April 4th, in an Abilene hospital. Both mother and baby are reported to be doing nicely. Donna Kay has a very happy little sister, Elizabeth Ann, age 5.

Do You Want Some Cotton Mattresses?

The final date for taking applications for the cotton mattress program is April 30, 1941.

The rules for eligibility are as follows:

Any family which had for 1940 a total income of not more than \$500, plus \$50 for each member of the family in excess of four persons, and which (1) lives in the country or (2) lives in a village, town or city and derived at least 1-2 of its total income during the last year from agricultural occupations.

A family of two is eligible for one mattress, a family of three for two, a family of four for two, and families of five or six are eligible for 3 mattresses. If mattresses were received in 1940, then the number for which a family is eligible now, is determined by subtracting this number from the total number that might be received.

Will you please tell any one who is eligible to make application before April 30th?

ABILENE DISTRICT YOUNG PEOPLE'S MEETING HERE

The young people of the Abilene district will meet at the Methodist church here Friday and Saturday, the 18th and 19th of this month. About 30 churches of this district will be represented with around 150 young people expected in attendance. Miss Jewell Posey of McMurry College is district director of young people and will arrange the program and have charge of the meeting.

The young people of the Hamlin church will furnish entertainment, and have general charge of the local arrangements.

Mr. and Mrs. Sam Young of Hobbs New Mexico, came down Saturday night for a short visit with Mrs. Eunice Thompson and others. They are old Hamlinites, but have been in New Mexico so long that Sam has become Chief of Police in Hobbs.

Mr. and Mrs. M. T. York returned Sunday night from Lufkin where they had been called by the death of Mr. York's sister, Mrs. George Watts, who died at midnight Wednesday night. She had recently undergone a major operation.

Baptist Revival Begins Sunday, April 13th

Easter Sunday is always a meaningful Sunday. This year, in the Baptist Church, it is more meaningful than common. This day marks the beginning of what we hope to be a great spiritual revival in our church. Rev. Phillip McGahey, the successful pastor of the First Baptist Church of Breckenridge, is to be the evangelist for the meeting. Mr. Clyde Smith, the local band director and choir leader of the Baptist Church, will direct the music. The evening services will begin at 8:00 P. M.; the morning services will begin at 10:00 A. M.

Rev. McGahey is known to a number of people in Hamlin. He is the president of District 17 in the Texas Baptist Convention, and the president of Lueder's Baptist Encamp-

ment. For several years he has led the good church in Breckenridge, and, from all reports, he has one of the outstanding churches in West Texas. He is in demand for revivals in many places, and we feel that we were fortunate in securing him for our revival.

We will not have our evening worship Sunday evening. We will dismiss for the Easter Cantata at the High School. The pastor will bring the special Easter message Sunday morning, thus beginning the revival. Bro. McGahey will be in the service Monday night. Let's turn out 100 per cent Sunday, and back the city-wide plan to enlist all church members in church attendance during April. We want 325 in Sunday School, and 100 in Training Union.

Dr. John Davis, veterinarian, formerly a resident of the Neinda community, died at his home in Meridian on Wednesday of last week. He succumbed to a heart attack of short duration, said to have been induced by a case of influenza in midwinter. Dr. Davis was a brother of Mrs. R. L. Milstead of Neinda. Mr. and Mrs. Milstead attended the funeral on Thursday at the Methodist church in Meridian.

Mrs. Maude Fizer came down from Wichita Falls Tuesday to look after her residence property in Hamlin. Mrs. Fizer tells of some sadness in her family. A grandson was born to her son Edward Fizer and wife on Sunday, April 6, and died soon after birth. The mother was in a serious condition but is now out of danger.

Hamlin Boys Heard From In California

Camp Roberts, Calif., April 5 — Four Hamlin selective service soldiers got their first taste of "chemical warfare" here today when they participated in a chemical demonstration.

Privates Harry Gardner, Jr., Ersa Curb, Edward T. Nail and C. L. Dillard learned how to quickly and efficiently don a gas mask. After thorough instruction, the men entered a tent filled with tear gas and successfully fastened their masks. They also learned to distinguish four different kinds of deadly gases used in modern warfare.

The men are undergoing 13 weeks of basic training here in Company A, 76th Infantry training battalion.

(NOTE—The publicity director of Co. A also included a program of "Army Day" for April 6, in which we note that Private Jackie Coogan is leading the Camp Orchestra).

Card of Appreciation

We are deeply grateful for the several expressions of sympathy extended to us in the hour of grief in the death of our sister, Mrs. George Watts. We acknowledge receipt of a message from the F. & M. Bank, flowers from the Bryant-Link Co., the Hamlin School Board, the Board of Stewards of the Methodist church, the Men's Bible Class, the Hamlin York Stores employees, including Mr. Carpenter and Mrs. Anderson, and the many cards of condolence from others.

Sincerely,
Mr. and Mrs. M. T. York

Only 29 Votes Cast To Elect 3 Trustees For School Saturday

Evidently everything is going on very nicely in school affairs as is evidenced by the light vote of last Saturday, when there were three trustees to be elected.

So many of US do not even know who is on the board, much less whose time expires, not even those holding the election, were right sure about it.

The few who voted found Leslie S. Sparks, Ted Bledsoe and Mrs. M. Y. Wilson in charge of the box, and the first "old guy" to vote could not find out who's who and what's what, so the "old guy" just voted for L. S. Sparks, and so to keep Ted Bledsoe from feeling left out, Mrs. Wilson must have voted for him, or else Ted voted for himself, anyway, Sparks received ONE vote and Bledsoe ONE vote.

The names printed on the ticket and successful in the voting were Holly Toler, Dr. Joe W. McCrary and Roy Gilbreath. Toler is the only new man. The others are holdovers.

Let's see if we can list the board as it now stands: Tom Teague, J. Ubben, L. H. McBride, Dr. Joe W. McCrary, Roy Gilbreath, Holly Toler and C. C. Prater.

The Rev. and Mrs. James E. Harrell visited friends in Spur Monday and Tuesday, and while there, Rev. Harrell preached Monday evening in a series of meetings being held in the Methodist Church.

Mrs. T. J. Nall and her daughter, Miss Ray Nall and James H. Blanton and children spent Sunday with Mr. and Mrs. Ross Jones in Abilene.

This AND A LITTLE BIT OF THAT

SEE WHERE—

Senator Tom Connally is proposing a bill to provide that where a labor controversy in any industry, making or handling defense materials, may be taken over by the government and operated. This is just another "pussy footing" proposition to soft-soap disorder and disloyalty in this United States. But we might admit that it would be better than outright rebellion and destruction of property like the country has been experiencing in the strikes lately.

—T & T—

DOWN IN TEXAS—

We have a new law that has old fashioned American teeth in it, as regarding the fellow who quits his job and then tries to prevent someone who wants to work from going to work. It simply tells the "foreignism" to let him work who wants to. Quit if you want to, but let others alone, or be convicted of a crime and spend a period in the pen.

—T & T—

A BETTER PLAN—

It would appear that much could be done by the government to forestall labor troubles, especially in industries needed by the government in defense matters or in war times.

Why is it that government could not insert into its contracts with defense industry, a wage and "environment or condition scale," so that employers and employees will

know what to depend upon before anybody starts. Then whoever violates the government agreement, let him be guilty of subversive acts against the government. Then crack the "Texas-way" to either party.

—T & T—

DOES IT DO ANY GOOD?—

Does it do any good for a small town newspaper to express personal thoughts on any subject? Generally the publisher speaks the sentiment of his community, and the men in our legislatures and congress would like to know what the "folks back home think." So after all is said, this IS a country of Free Press and sometimes Free Speech. Nobody should be hung for telling the way he sees a thing, or feels about a thing. Seeing is seeing, and so is feeling; and it is that way and no other.

Most Americans have from one to a dozen things in their minds that they would desire changed in our democracy. Not everything is right, and never will be. Things do not stay right. Humanity is so full of change that nothing much is so well fixed but that it gets out of running order.

After a person has swallowed a deadly poison, it is too late to experiment on what should be given for an antidote. Here in this great country of ours we have suddenly become aware of a "poison" and now we struggle to find what to give to cure it. The past few years the saddest word in the ENGLISH language is "Too Late." In this land of free press and free speech — there is no room for cowards.

Miss Della Bryson Buried In Aspermont Cemetery Sunday

Miss Della Bryson, daughter of Mr. and Mrs. C. E. Bryson, whose untimely death occurred Wednesday night, April 2, as the result of an accidental gunshot wound, was laid to rest in the Aspermont Cemetery Sunday afternoon, in the presence of a large number of sorrowing friends and former neighbors.

Funeral services were conducted at the First Baptist Church of Aspermont by the pastor, Rev. Byron Bryant, a young minister who knew the deceased while they were students together in Hardin-Simmons University.

Circumstances of Della's death as far as could be learned were, that while teaching at the Sorocco school near El Paso, the young people had been in the habit of hunting jack rabbits on roads by the irrigated farms, late afternoons and at night. It was while she and a young man by the name of Alexander were in a car that by some unknown manner the gun went off and struck the young woman in such a way as to pass through her body slightly upward just beneath the heart. Death came while on the way to the City-County Hospital in El Paso. The young man was not so very far from his parents' home and rushed there first, and they accompanied them to the hospital. On the way, death came about 11:45 Wednesday night.

The body was prepared by an undertaking company in El Paso and the Kinney Funeral coach of Stamford conveyed it home on Friday and made final arrangements for burial. This was the first death in the C. E. Bryson family and from the fact that they had lived for many years in the Aspermont community and that much of their ranching property holdings are near there, the decision was made to use that place for burial.

The body lay in state in the parental home on 7th Street and Alamo Avenue, from noon Sunday till 2:30 P. M. where friends, former schoolmates and teachers from a wide area viewed the remains.

Miss Bryson was born in Berlin, Oklahoma, February 2, 1915. At the age of nine she was converted and joined the Baptist church in Aspermont. When the family moved to Hamlin she became a student in the public school and graduated in 1934. She attended Baylor Belton College and graduated from Hardin-Simmons University in 1937.

While in Hardin-Simmons, she was prominent in many activities of the University, being secretary of the History Club and member of the Players Club, the Alpha Pi Omega (a dramatic club) the Art League and the Social Science Club.

She engaged in teaching till her death. She taught two years in Proffitt, Texas, and resigned there to take a position in the Sorocco school near Ysleta, near her sister's home. Della was a young woman of charming traits, admired by all who knew her well. Survivors are her parents, Mr. and Mrs. C. E. Bryson, and three sisters, Mrs. Forrest Binion and husband of Ysleta; Mrs. Harold Heard and husband of Hamlin; and Miss Jane Bryson, student of Hardin-Simmons. Two brothers, C. E. Bryson, Jr., and wife and Grover Bryson and wife, all of Corpus Christi, all of whom came home for the funeral.

In the funeral arrangements, former neighbors of the Bryson family in Stonewall County acted as pallbearers, namely: W. P. Guest, Pete Blackshire, T. E. Knight, Jas. Robertson, Pete Shadle, W. A. Dunwoody (now of Anson, but formerly of Aspermont) who was substituted for by J. R. Reynolds, of Hamlin.

The young lady's former schoolmates and friends of the deceased bore the floral offerings. They were Misses Geneva Albritton, Clydene Wilson, Elmo Joy Wilson, Lala Reynolds, Elva Greenway, Tootsie Reynolds, Mrs. W. Johnson, Mrs. James Belew, and Mrs. C. Owens.

Relatives and friends from out of town to attend the funeral included five sisters of Mr. Bryson, Misses Marvill and Alice Bryson; Mrs. John Lacey and son, Kenneth, Mrs. John Brown Browning and daughter Betty, and Mrs. Earl Sillig and daughter Erlene, all of Cross Plains. From Aspermont, two brothers of Mrs. Bryson, M. D. Greer and wife and Bob Greer and wife. From New Castle came Mr. and Mrs. Rhoton and Misses McFayden, Rowe and Ransdell, Mr. and Mrs. Modrel Watson and Hubert Strother, and from Lubbock, Miss Elva Greenway.

Mr. and Mrs. H. D. McMahon visited relatives in San Angelo Sunday.

DOVIE NEWS

By Vada Taylor

The subject for League Sunday evening, April 6, was "When You Have Nothing to Do." Weldon Cooley was leader for the evening. The scripture was read by Vada Taylor. Interesting talks were given by Virginia Lee Cooley and Alvis Cooley.

Rev. Allan Vine, pastor of the Dovie Methodist church, filled his appointment the first Sunday. He and his wife spent an enjoyable day in the home of Mr. and Mrs. R. H. Cooley.

Alvis Cooley, student at McMurry College, spent Sunday with his parents, Mr. and Mrs. R. H. Cooley.

Several of the League members attended the Union meeting at Rotan Tuesday evening. Each young person that wasn't present missed a great deal. The subject of the talk given was "The Young Peoples' Place in the Home." It was given in such interesting way by Bro. Patterson, president of the bank at Rotan. Refreshments consisting of sandwiches, potato chips, pie, and iced tea were served. A few games were played then the group was dismissed after singing "Blessed Be the Tie That Binds."

Mrs. Joe Ben Lewis and daughter Miss Dora Lee, of Sweetwater, were here Sunday to visit her mother, Mrs. Forest Boyd.

Former Hamlin Boy Serving In Medical Corps of Aviation

Lt. James R. Blair, son of Conductor and Mrs. J. R. Blair, of San Angelo, was called to report at Oxnard, California, April 4, to serve in the Aviation Medical Corps. Lt. and Mrs. Blair and little son left San Angelo, March 31 for Oxnard.

James Blair spent the first ten years of his life in Hamlin, during which time his father was a conductor for the Orient Railway Co. (Now the Santa Fe.) He is a graduate of Tulane University, and after receiving his degree there he took the Medical Reserve examination in Baton Rouge, La. In October, 1940, he was called to Fort Sam Houston in San Antonio, from there he was transferred to Dodd field and later to Randolph field where he finished a special course in Aviation medicine, March 29th.

Mr. and Mrs. W. A. O'Neal and family of Gorman, were called to Aspermont last week because of the serious illness of Mrs. O'Neal's father, Mr. Freeman, who is 82 years of age. Mr. Freeman's condition is improving and the O'Neals came on to Hamlin to visit relatives and friends before returning to their home.

YOU'RE IN THE OIL BUSINESS

I am a farmer who knows what oil means to West Central Texas.

All of us who live in this section share in one way or another in the income which oil creates.

Nearly three and one-half million acres of our land are now under lease. Each year our lease and royalty income is an extra cash crop of over 6 million dollars.

Almost 30,000 residents of this area, including oil workers and their families, get their entire living from the petroleum industry. All told, this industry spends nearly 28 million dollars a year in West Central Texas.

This money is spent and respent until every farmer, merchant, business and professional man... in fact everyone... in our section gets his share of it.

Everyone living in West Central Texas today has an important stake in the oil industry and its future in Texas.

SENIORS PRESENT

"SWING FEVER" TONIGHT

Do you know what "Swing Fever" means? Swing Fever is something that you get during your late teens, and you might say that it's contagious. If you haven't caught it yet, Friday night, April 11th, at the annual Senior class play, will be a good time.

Alexander Norris has a swell case of Swing Fever. He even gets so enthusiastic that he cavorts with a broom.

Tootsie Norris isn't quite old enough for Swing Fever, but she is going through the "Lone Ranger" period in her life.

Amy and Phillip Norris are recovered from Swing Fever and are now sophisticated people of the world—they think.

Mama and Papa Norris—well, he has his hands full with a "blonde" and she has hers full of the family.

Plan to see "Swing Fever" Friday, April 11th, at 8:00 P. M., the last production of the Class of '41.

DR. W. R. WHITE,

PRESIDENT OF HARDIN-

SIMMONS, SPEAKS TO P-T A

Dr. W. R. White, president of Hardin-Simmons University, speaking to the High School Parent-Teacher Association, Thursday evening, April 3, asserted that the challenge to America today is to develop character that will stand not only during the present crisis, but will be able to withstand the inevitable reaction of abnormal conditions after the war period ends. Dr. White said that although the world has entered into a period in which preparedness is necessary, the greatest danger that can come to our democratic way of living is inner corruption and lack of discipline. He urged the cultivation of contentment, a spirit of humility, a thorough understanding of people and a mutual understanding and good will.

Superintendent G. R. Bennett introduced the speaker. The Schubert Music Club, directed by Mrs. Willard Maberry, presented the following numbers:

HOME TOWN SPEAKING

CONTEST MAY 2nd

The Home Town Speaking Contest sponsored by the Hamlin Chamber of Commerce will be held May 2, in the High school auditorium. Thus far eighteen students have entered, and the contest promises unusual competition.

These students are uncovering the many virtues of Hamlin—the civic improvements, educational and religious facilities, the historical achievements, the agricultural accomplishments, and above all, the

friendly spirit of the Hamlin citizens.

Such a contest is helping to develop a deeper appreciation for Hamlin.

More students are expected to enter this contest this week. A list of the entries will be published soon.

EASTER

By W. D. Bristow

Next Sunday is Easter. To the little children, this will probably mean an Easter egg hunt; to those who keep up with the fashions, it will mean new Easter clothes. In general, we will all take Easter as usual, and it will pass on. Yet, how many of us stop to realize what Easter really represents? To certain Biblical characters living about 30 or 40 A. D., it probably meant a great deal. It proved to non-believers that Christ would fulfill His promises and it eased the hearts of His friends.

Amidst the frolic and good times which most of us will have on Easter, we should think of the unfortunate people all over the world that will not have the privilege of enjoying Easter as we will.

FOOT BALL PROSPECTS GOOD

By Tommy Hill

The successors of last year's District Champs are showing plenty of fire with only the second week of spring training. The boys respond eagerly to the coaches' whistle for calisthenics, and usually their chatter is marked by some remark of the coming season. From this corner, it looks as if the Piper forward wall will pack plenty of wallop, and the backfield is rounding into a perfected machine.

Coach Smith has perfected a new type backfield that has "strategy" written on every play.

Led by Captain-elect Bobby Barrow and Co-Captain Lofton Brown, the Pipers are really going to be potent this fall.

INTERESTING CUSTOMS

OBSERVED AT EASTER

By Selma Hassen

Easter is the greatest day to all humanity besides Christmas. The day is celebrated with an annual festival observed throughout Christendom in commemoration of the resurrection of Jesus Christ.

The name Easter, like the days of the week, is a survival of the Old Teutonic mythology. No one seems to know just when the first celebration was held. Two theories have been handed down to us—that Easter is to commemorate the crucifixion and resurrection and that the holiday took its name from the Saxon word "Oster" meaning "to rise." Various authorities claim that Easter may have been the name of an old Saxon Goddess worshipped at the period we usually celebrate as Easter.

Many habits are clustered about Easter and they come to us from a remote day. The Persians looked upon New Year as the time in which all things are made new—the triumph of man, the sun, and nature. Eggs were distributed as gifts typifying the beginning of new life. When the early Christians changed the New Year to January the first, they celebrated the "Feast of Eggs." It is said that the Jewish Passover, older than the Christian Easter, also made use of eggs in the feasting.

The liturgical color for Easter is everywhere white, as the sign of joy, light, and purity, and the church and altars are adorned with the best ornaments that each possessed. The most used and most popular flower everywhere is the Easter Lily.

TOMMY HILL WINS

DISTRICT TENNIS

Tommy Hill, a senior of Hamlin High school, won district singles in tennis Saturday, March 5, at Sweetwater. His opponents in the meet were: Abilene, Sweetwater Junior High, Colorado City, and Sweetwater. All games were won by a wide margin. The scores were as follows: Abilene 6-0, 6-2; Sweetwater Jr. High 6-20, 6-1; Colorado City 6-0, 6-3; and Sweetwater 6-0, 6-2, 6-0. Most of the matches were

marked by back court strategy and a great deal of volleying. Tommy will play in Regional Meet Tuesday evening, March 8, at Abilene. Certainly Hamlin High is proud of Tommy's outstanding tennis record.

PICKED UP HERE AND YONDER

DELIBERATELY RAN DOWN DEER

An East Texas resident recently found it was rather costly to deliberately run down a deer. He was fined \$21 and costs in court and it was also necessary for him to pay \$19.50 for repairs to his automobile.

A small, frightened deer was running down the right-of-way. The motorist left the highway and struck the deer while it was thirty feet from the road. Within a half hour a state game warden was picking up deer, glass and parts of a car showing evidence of a damaged radiator. A check of garages was made, the damaged car was found and then its owner was located in a town 70 miles away. He probably will think a long time before running down another deer in Texas.

DID CATFISH CATCH DEER?

George Cowden of Pearsall, Tex., recently caught a four-pound catfish which had three deer hooves in its stomach. To prove the story, Mr. Cowden took the fish and the hooves to town and displayed them, according to the Dilley Herald, which asks "Did the fish catch a deer and was the fish liable to arrest for killing a deer out of season?"

We also recently heard of a large catfish caught in El Paso county, which had three empty cornbeef cans in its stomach. The digestive juices of the fish had reduced the metal in the cans almost to the consistency of gelatine.

(By BOYCE HOUSE)

I bow on my knees before no man, Nor take orders at a tyrant's command.

I live in a land of democracy, And not in the throes of autocracy!

I am an American!

I worship God as my choice may be And truthful news is free to me.

All radio programs it is my right to hear,

And trial by jury I hold most dear!

I am an American!

I train for games and not for war,

My home, the bombs shall never mar

I live not in terror nor fear for my life,

Not in a land torn by dissension and strife!

I live in a land respected by all,

Where beauty and truth shall never fall.

Love is our watchword, and peace is the cry,

Where the Stars and Stripes forever fly high!

I am an American!

Numerous newspapers are urging repeal of the chain store tax. "Most chain stores today are home-owned," says the San Antonio Evening News. The tax is called "a discriminatory penalty" by the Dallas News and the Fort Worth Star-Telegram asserts the levy is "punitive, not against the chains but against the consumer, the producer and business in general." Says the Austin American, "The consumer is the real 'goat' of the law." Out in West Texas, the Post Dispatch calls the tax "a fine on efficiency" and continues, "A spokesman for the Southwestern Cattleman's Association recently reported that a program in which producers and chain stores worked together had materially increased beef and lamb consumption and given the cattle industry three of the best years in its history. The chain stores have participated in similar programs on behalf of cotton, fruits, pottery, cactus plants and other commodities whose sale had to be increased if producers were to avoid possible ruinous losses." The San Antonio Express sums up, "Civic sentiment generally demands repeal of the unwarranted Texas chain-store tax."

With the co-operation of landowners, sportsmen and other nature lovers, Game Managers and biologists of the Game Department are now improving habitats and in other ways bettering the condition of quail, antelope, deer, wild turkey, Desert bighorn mountain sheep, and other species on 292 separate areas which have a grand total of 3,536,832 acres of land. These projects also are being financed chiefly by Pittman-Robertson funds. The Texas game management program, only 3 years old and just now taking shape, promises to reward the sportsmen many times over in the years to come.

The Game, Fish and Oyster Commission operates 10 State Fish Hatcheries, which last year produced 7,454,962 fish for distribution, an increase of 36 1-2 per cent over 1939, when 5,115,761 fish were distributed. Improved methods of fish production along scientific lines were responsible for the increase. No less than 85 per cent of the fish produced at the Hatcheries are distributed each year to public lakes and streams of the state.

Texas is among the first five deer and wild turkey states of the union. Last year approximately 30,000 bucks and thousands of turkey gobblers were killed, with no damage to the seed stock.

NEWS NOTES FROM FISHER CO. CLUBS

By Mamie Carol Smith Assistant Co. Home Demo. Agent

"Nothing contributes more towards prolonging the life of garments than a well arranged, well kept clothes closet and every girl should have one," said Reta Jo Dean, clothing demonstrator for the Swedonia 4-H club. "I plan to build a clothes closet extending to the ceiling. Storage space for quilts and blankets will be provided in the upper part of the closet; shelves will be placed down one side for folded garments; a rod across it on which to arrange dresses and coats on coat hangers; a shoe rack and hat stands will be made and placed in the closet; and it will be papered a light color on the inside," she continued.

Reta Jo will make a dress and slip; check D-105, "Good Looks for Girls," every day; equip a sewing box; keep account of money spent for clothing; and keep accurate records.

"Last year I set out 68 dewberry plants and decided to do better this year. So this year I set out 100 dewberry plants in my frame garden, which is 5 feet by 28 feet; and 4 cherry plum trees and 4 grape vines in my orchard," said Faye Lee, orchard demonstrator for the McCaulley Senior 4-H club. "I plan to build another frame garden, 5 feet by 20 feet in which to raise vegetables for my family. I will also raise tomatoes, melons, and cantaloupes, and other vegetables in a field garden," she explained.

Faye uses C-161, "Planning the Days Three Meals" in planning the meals for her family so that each individual will get an adequate supply of milk, eggs, fresh vegetables, meats, etc., each day. Besides planning, preparing, and serving meals, Faye has filled out a food preservation plan for her family. She will raise, can, and store vegetables, also fruits, meats, etc., so that her pantry will be filled next winter. As Faye believes that accurate records are essential, she keeps good records of all her 4-H club's work.

Attention! The sign-up date for the mattress campaign for low income farm families is April 30th. No application will be taken after that date. If you are among the many farm families whose income last year was not over \$500 if there was four or less in the family; or if there is over four in the family, \$50 for each person may be added to the income, in other words, the income could be \$550 for five in the family, call at the home demonstration agent's office or contact a AAA committee in the community. If there is one or two in a family, they may receive one mattress; three or four in a family, two mattresses; five or up in number, only three mattresses. No more than three mattresses may be had by any one family.

Applications may be made at the Home Demonstration Agent's Office or the AAA office in Roby. Please hurry, as it is hoped that every eligible family in Fisher Co. may take advantage of this big opportunity.

The Fisher County Girls' 4-H Club Council will meet in regular session in the District Court House in Roby at 2:00 P. M., April 12th. The council delegates, and presidents of each club is urged to attend.

CHURCH OF CHRIST

A list of Satan's tools in the church:

Our people are doing all they can financially.

We have peculiar conditions here. Charity begins at home.

The old system has worked pretty good; why change?

The envelope system is just a newfangled idea.

We better go easy, because there is a "lot" of talk.

They say—

I have heard that Bro. is already complaining.

Our former minister said.

Other churches are doing less than we are.

This has been our custom for many years.

We cannot afford to offend.

Our people are poor.

Perhaps when things pick up we can go ahead.

Our present situation does not allow.

Let us not have too many changes

To those that talk and talk and talk

This proverb should appeal:

The steam that blows the whistle

Does not turn the wheel.

All About House Flies Breeding, Danger and Means of Their Control

Austin, Texas — Thousands of children and adults die every year from diseases carried by the fly.

Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly.

"Control of the fly menace comes at the top of the list of necessary public health measures which should be applied by every city and individual in the State," urges Dr. Geo. W. Cox, State Health Officer.

"Most effective measure for control is to prevent breeding," he said. "Flies breed in filth, and about 8 days are required to complete a life cycle. During her lifetime of several months one housefly lays from 600 to 1,000 eggs. Thus it can easily be seen that in a season, which usually begins in the spring of the year, the descendants from one fly number countless thousands.

"To eliminate flies, breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. The flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact with food and drink and by unwashed hands and utensils. See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. Also, see that your grocer keeps his meat, vegetables, and fruits free from flies.

"Organized health measures to destroy the breeding places, control of flies' access to your home and food, and established standards of cleanliness in your community will eliminate the fly. The number of flies is an index to the cleanliness of any community, and they can be entirely eliminated."

Charlie Mullins, formerly bookkeeper for the Hamlin Compress, now a soldier boy in First Battalion Headquarters, 133 Field Artillery at Camp Bowie, came up to spend a short week end visit with friends in Hamlin. Charlie was accompanied by a soldier pal, R. D. Barry.

Wake Lazy Insides All-Vegetable Way

Thousands turn to this way to get relief when they're lazy intestinally and it has them headachy, bilious, irritable, listless: A quarter to a half-teaspoonful of spicy, aromatic, all-vegetable BLACK-DRAUGHT on your tongue tonight, a drink of water, and there you are! Thus, it usually allows time for a night's rest; acts gently, thoroughly next morning, so relieving constipation's headaches, belching, bad breath.

BLACK-DRAUGHT'S main ingredient is an "intestinal tonic-laxative," which helps impart tone to lazy bowel muscles. The millions of packages used prove its merit. Economical, too: 25 to 40 doses, 25c.

Dr. and Mrs. Joe McCrary left last week for California where they will spend some time for Dr. McCrary's health.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Our good friend Clyde Garrett writes that he enjoys reading the Darden-O-Grams, and complimented us on our comments of the strike question. Mr. Garrett is connected with the Department of Commerce in Washington, D. C. We need a lot more one hundred per cent Americans like Clyde Garrett.

Cleve Robertson of Hamlin sends us word to continue the Pot Shots by all means, and of course it makes a fellow feel good to know that people from all over the U. S. A. are reading the Herald and we will do our best to write local news and also express our opinion on questions of vital importance in our Darden-O-Gram.

We never were so hot for Gov. O'Daniel, but we think he is just right about outlawing strikes in Texas when strikes means holding up production of war materials which are so necessary to National defense. We are like the old lady who attended church and Sunday school every Sunday, even though she didn't like the pastor. One day the preacher asked why she was in church every Sunday when he knew she didn't like the pastor, and she replied, that the church was the place for her, even though the devil was in the pulpit.

We need to send some Representatives down to Austin who play less politics and work for the good of the State and the people of our State.

There were two big rabbit drives in the McCaulley community last week and from all reports there were plenty of rabbits put out of commission and also a big feed both days at the tabernacle.

The home demonstration club met in the home of Mrs. Bill Fancher last Wednesday.

Mrs. Fred Hemphill has returned from Cheyenne, Wyoming, where she has been with her husband, who is in the U. S. Army.

Dr. J. D. Davis of Roby, an old timer in Fisher County, attended the rabbit drive at McCaulley last Tuesday.

Mr. and Mrs. J. N. Wishert, Miss Bill Milsap and Melvin Hunter were shopping in Abilene last week.

Mrs. Bill Anders, Miss Gertie Mason and Miss Milsap were trading in Abilene last week. It's nice to see folks from the old home town down at Camp Barkeley.

The Geo. Dardens spent Sunday

with his parents, Mr. and Mrs. M. A. Darden at Girard.

Mr. and Mrs. Virgil Steele have purchased a farm near Plasterco and we are informed that they will move after the first of next year.

Mr. and Mrs. N. D. Miers have purchased a farm near Hobbs, N. M., and will move next year.

Mr. and Mrs. J. T. Rhoton visited relatives near Hamlin last Sunday.

Folks we want all the local news, so thanks in advance for any news you will let us know about.

O-O-O-O

George Washington in his first annual address to both houses of Congress (1790) said: "To be prepared for war is one of the most effectual means of preserving peace." If our government is to continue to let the C. I. O. strike, then how will we preserve peace? Labor unions need a general house cleaning and to begin with, our suggestion would be to get a brand new Secretary of Labor. In our humble opinion, Miss Perkins should be at home sweeping the floors. In the first place the job of the Secretary of Labor should be a man's job, and a one hundred per cent American at that. "Is life so dear, or peace so sweet, as to be purchased at the price of chains and slavery?" (Patrick Henry.) Again we say, if our boys are to soldier for a dollar a day, why can't labor do its bit?

Way "Build-up" Helps Will Interest Women

The cause of a woman's periodic suffering from headache, irritability, cramp-like pain, may be functional dysmenorrhea due to malnutrition, a condition that is often helped by CARDUI.

Principal way CARDUI helps is by stimulating appetite and the flow of gastric juices. Thus it may aid digestion; help build up a woman's strength, energy and nerve-force; so increase physical resistance to periodic discomfort.

It also helps reduce periodic distress for many who take it a few days before and during "the time." Your confidence in CARDUI is invited by its 50 years of popularity.

Mr. and Mrs. Garnet Alexander and their father, G. P. Jones of Maryneal, left Sunday for Guaymas, Mexico, to spend ten days in deep sea fishing in the Gulf of Calif.

WISE CHAPEL

Not much news this week as so many went over to Anson to the big singing convention. Those that didn't go sure did miss some good singing.
